PUBLISH 1952 HUNGARIAN PLAN SCHEDULE

The Plan Schedule contains the due dates for the execution of plans established by the president of the National Planning Office and the various ministries. Compliance with the due dates is mandatory. Under the investment program for 1952, purchase contracts must be concluded within 15 days after the credits have been opened.

Enterprises and counties are required to submit their preliminary plans to the ministries by 13 October. The ministries must examine and forward the plans to the National Planning Office by 8 November.

Foreign trade enterprises are required to conclude export contracts for 1952 by 20 October, if they have not entered into contract prior to that date.

Quarterly materials requirements must be submitted by the applicants to the organization exercising direct supervision by 15 October. The latter organization coordinates and forwards the applications to the industrial departments of the ministries by 18 October. The industrial departments coordinate and forward the applications to the ministerial department responsible for allocation of materials by 22 October. This latter department forwards the consolidated applications to the materials allocation authority by 25 October. This authority will notify the applicants and the respective ministries of the amount of materials approved by 2 November.

Monthly requirements must be submitted to the organization exercising direct control 30 days prior to the due month. Applicants for precision tools and instruments must be forwarded to the industrial departments of the ministries by 1 October. The industrial department must submit the consolidated applications to the MUGI (Muszaki Gazdasagi Iroda, Distribution Office for Tools and Technical Supplies) by 8 October.

RESTRICTED

State organizations and enterprises will submit their requirements for leather goods needed for the first quarter 1952 to MUART (Technical Supply Trading Enterprise) by 15 October. The MUART consolidates and forwards the requirements to the manufacturers by 5 November, and, based on the report received from them, concludes purchase contracts by 15 November.

In connection with the purchase of printed matter, the Minister of Light Industry designates the printing enterprises and notifies the applicants of his decision by 5 October. The designated enterprises and the applicants are required to enter into contract by 10 October. The applicants must notify the printers of their printing requirements for the first quarter 1952 by 10 October, and must order their supplies by 1 November.

Enterprises within the framework of the plan are required to collect metal scrap in their shops and make it available by the last day of the month to the Precious Metal and Tool Trading Enterprise.

State organizations and enterprises must report their quarterly precious metal requirements to the Hungarian National Bank by 15 October.

Enterprises repairing electric machinery and transformers are required to submit their requirements to the Distribution Office for Machinery by 15 October.
